Attachments: [Industrial Facilities Effluent Data.xlsx](#)

Mike and Jenny,

I'm forwarding the ICIS data pulls from Eloise. Please email her directly with any questions or you can reach me on my cell phone: 459-2980.

The next step is for Mike to review this information to determine the nutrient values that would apply to each of the 11 dischargers. As we discussed, please email the final "nutrient effluent limits" to Eloise (and cc the group) as you finish each facility. That way, Abt can start the financial analysis for individual facilities without waiting for the the final values for all 11 dischargers.

We'll look forward to hearing from you. Glad this work is underway!

Tina

Subject: Effluent data for MT facilities

Tina,

Attached is the effluent data for the 11 facilities. Let me know if the state needs anything else.

Thanks,

Eloise
